PROGRAMME COORDINATOR

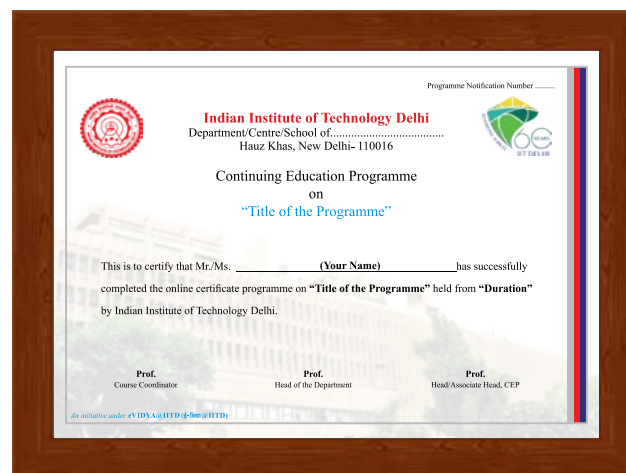

Dr Harish Chaudhry

Associate Professor
Department of Management Studies
Indian Institute of Technology Delhi

After completing his B-Tech from IIT Kanpur, PGDM from IIM, Bengaluru and PhD from IIT Delhi, Prof. Harish worked in companies like Dunlop, NIIT and RAAG Systems before joining academics. An outstanding teacher, he has deep marketing academic experience in marketing research, advertising, sales promotion, product management, sales and distribution, and digital marketing. He has organised hundreds of training programs for organisations like Godfrey Philips, ITC, Network Ltd., PCL, IRCON, RITES, British Gas, Coca-Cola, HCL-Perot, and STC. In addition to his teaching work, he has also served as a consultant for Modi Rubber Ltd., Godfrey Philips, BPL, Dynamic Fashions, Personal Point and Plan International. He has also undertaken sponsored research projects for the erstwhile Planning Commission of India and National Knowledge Network. He has served as an Independent Director on the board of several companies, and has published over twenty research papers in reputed national and international journals, and guided ten research scholars for their doctoral work. He has also been the recipient of the prestigious IBM Global faculty award in 2015 for research on 'technology-driven assessments in schools'.

PROGRAMME CERTIFICATE

Participants will be awarded a successful completion certificate from IIT Delhi on scoring at least 50% marks in each of the evaluation components and maintaining a minimum attendance of 60% in both lectures and tutorials. Participants who are unable to score 50% marks in the evaluation will be eligible for the participation certificate if their attendance is above 60% in both lectures and tutorials.

Note: All certificate images are for illustrative purposes only and may be subject to change at the discretion of IIT Delhi.

ABOUT IIT DELHI

The Indian Institute of Technology Delhi (IIT Delhi) is one of the 5 initial IITs established for training, research and development in science, engineering and technology in India. Established as College of Engineering in 1961, the Institute was later declared as an Institution of National Importance under the “Institutes of Technology (Amendment) Act, 1963” and was renamed as “Indian Institute of Technology Delhi”. It was then accorded the status of a Deemed University with powers to decide its own academic policy, to conduct its own examinations, and to award its own degrees.

Since its inception, over 48,000 students have graduated from IIT Delhi in various disciplines including Engineering, Physical Sciences, Management and Humanities & Social Sciences. Of these, nearly 5070 received PhD degrees. The rest obtained Bachelor's and Master's Degrees in Engineering, Sciences and Business Administration. These alumni today work as scientists, technologists, business managers and entrepreneurs. There are several alumni who have moved away from their original disciplines and have taken to administrative services, active politics or are with NGOs. In doing so, they have contributed significantly to the building of this nation, and to industrialisation around the world. For more details, please visit: www.iitd.ac.in

ABOUT CONTINUING EDUCATION PROGRAMME (CEP)

Executive education is a vital need for the companies to build a culture that promotes newer technologies and solutions and builds a workforce that stays abreast of the rapidly transforming needs to the technological, business and regulatory landscape.

Committed to the cause of making quality education accessible to all, IIT Delhi has launched Online Certificate Programmes under eVIDYA@IITD (ई-विद्या@IITD): enabling Virtual & Interactive-learning for Driving Youth Advancement@IITD for Indian as well as international participants. These outreach programmes offered by the Indian Institute of Technology Delhi (IIT Delhi) are designed to cater to the training and development needs of various organisations, industries, society and individual participants at national and international level with a vision to empower thousands of young learners by imparting high-quality Online Certificate Programmes in cutting-edge areas for their career advancement in different domains of engineering, technology, science, humanities and management.
